A 2-player game

Rules of the game

How this game works

▶ Enter your name and click on the start button.

▶ Use the arrow keys to move around. You can also see your and your opponent's health, happiness and money.

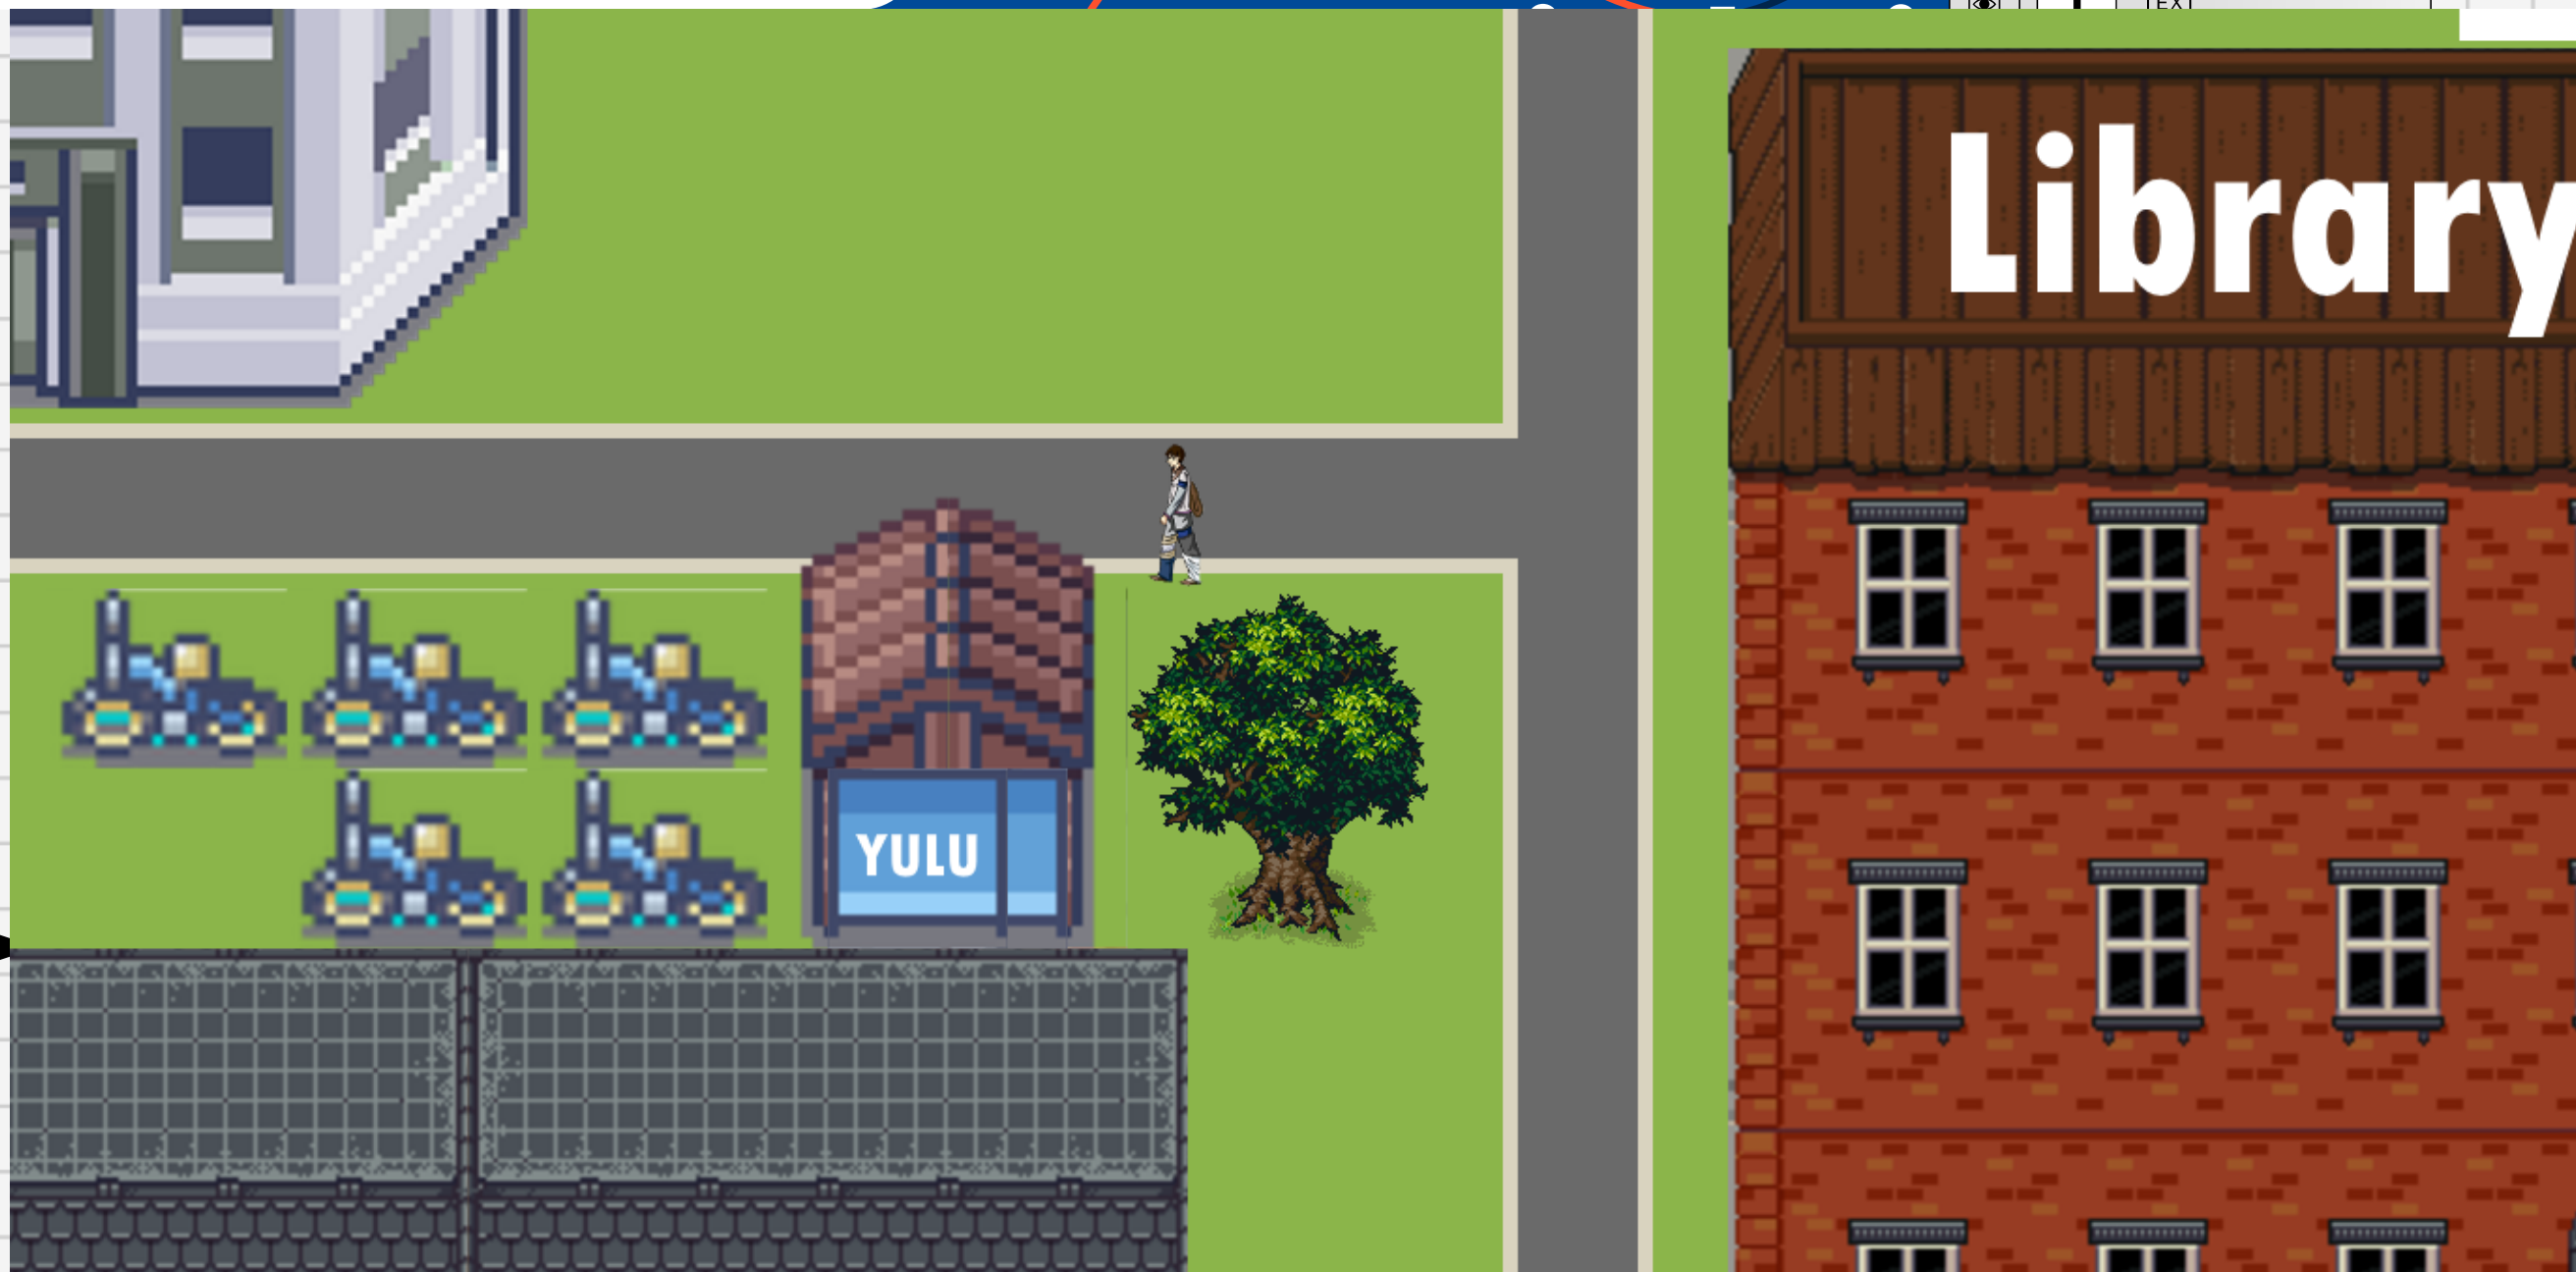

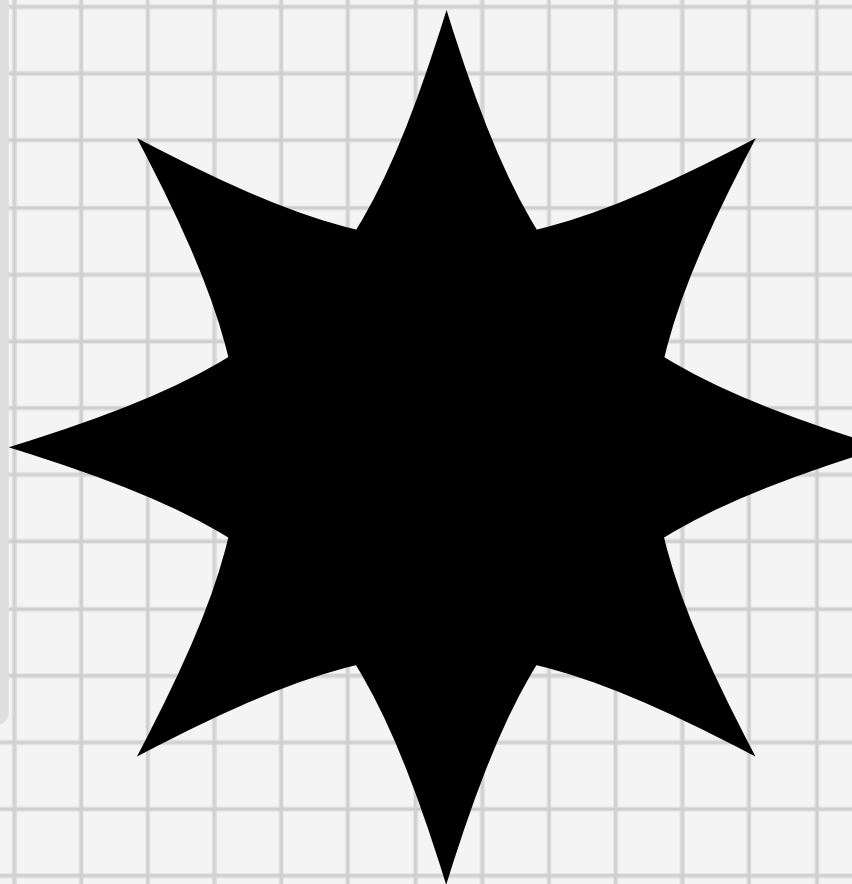

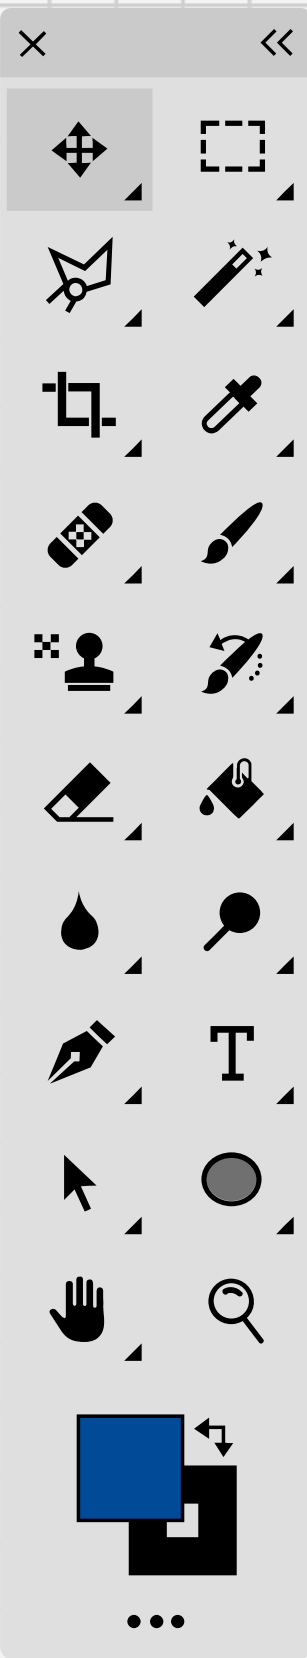

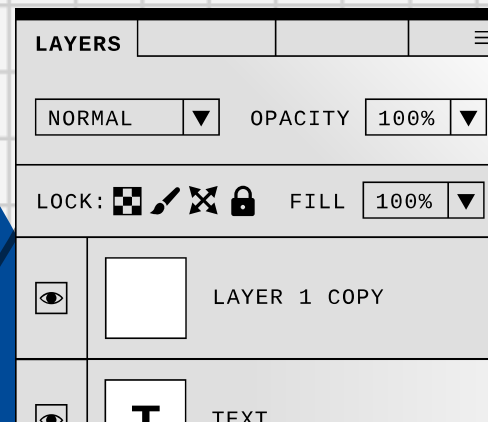

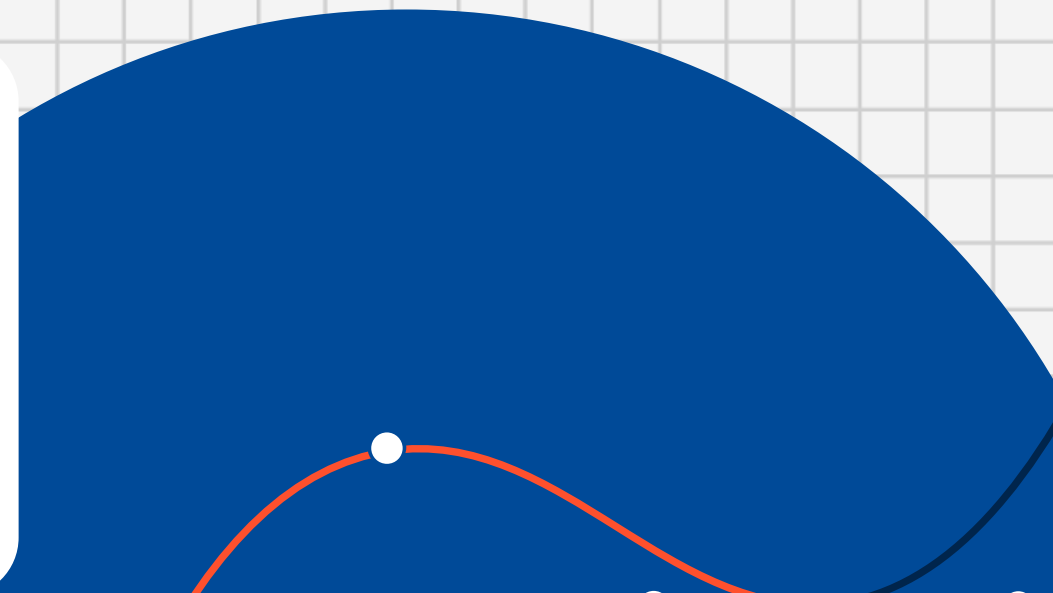

▶ Press the pause button to get a detailed view of your tasks.

▶ There are various tasks to complete. First player to complete all the tasks wins the game. Also, if your money, health or happiness goes to zero, you lose.

▶ Various buildings and grounds offer food, money or happiness or a chance to complete tasks.

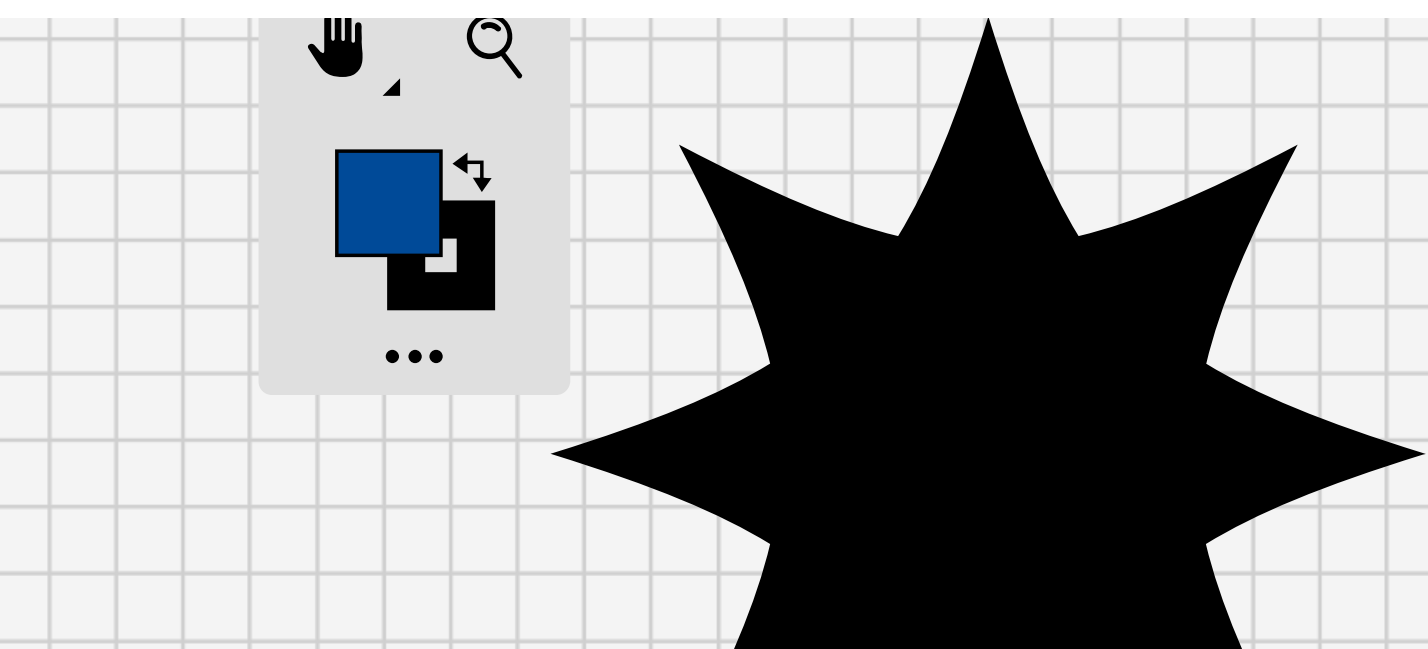

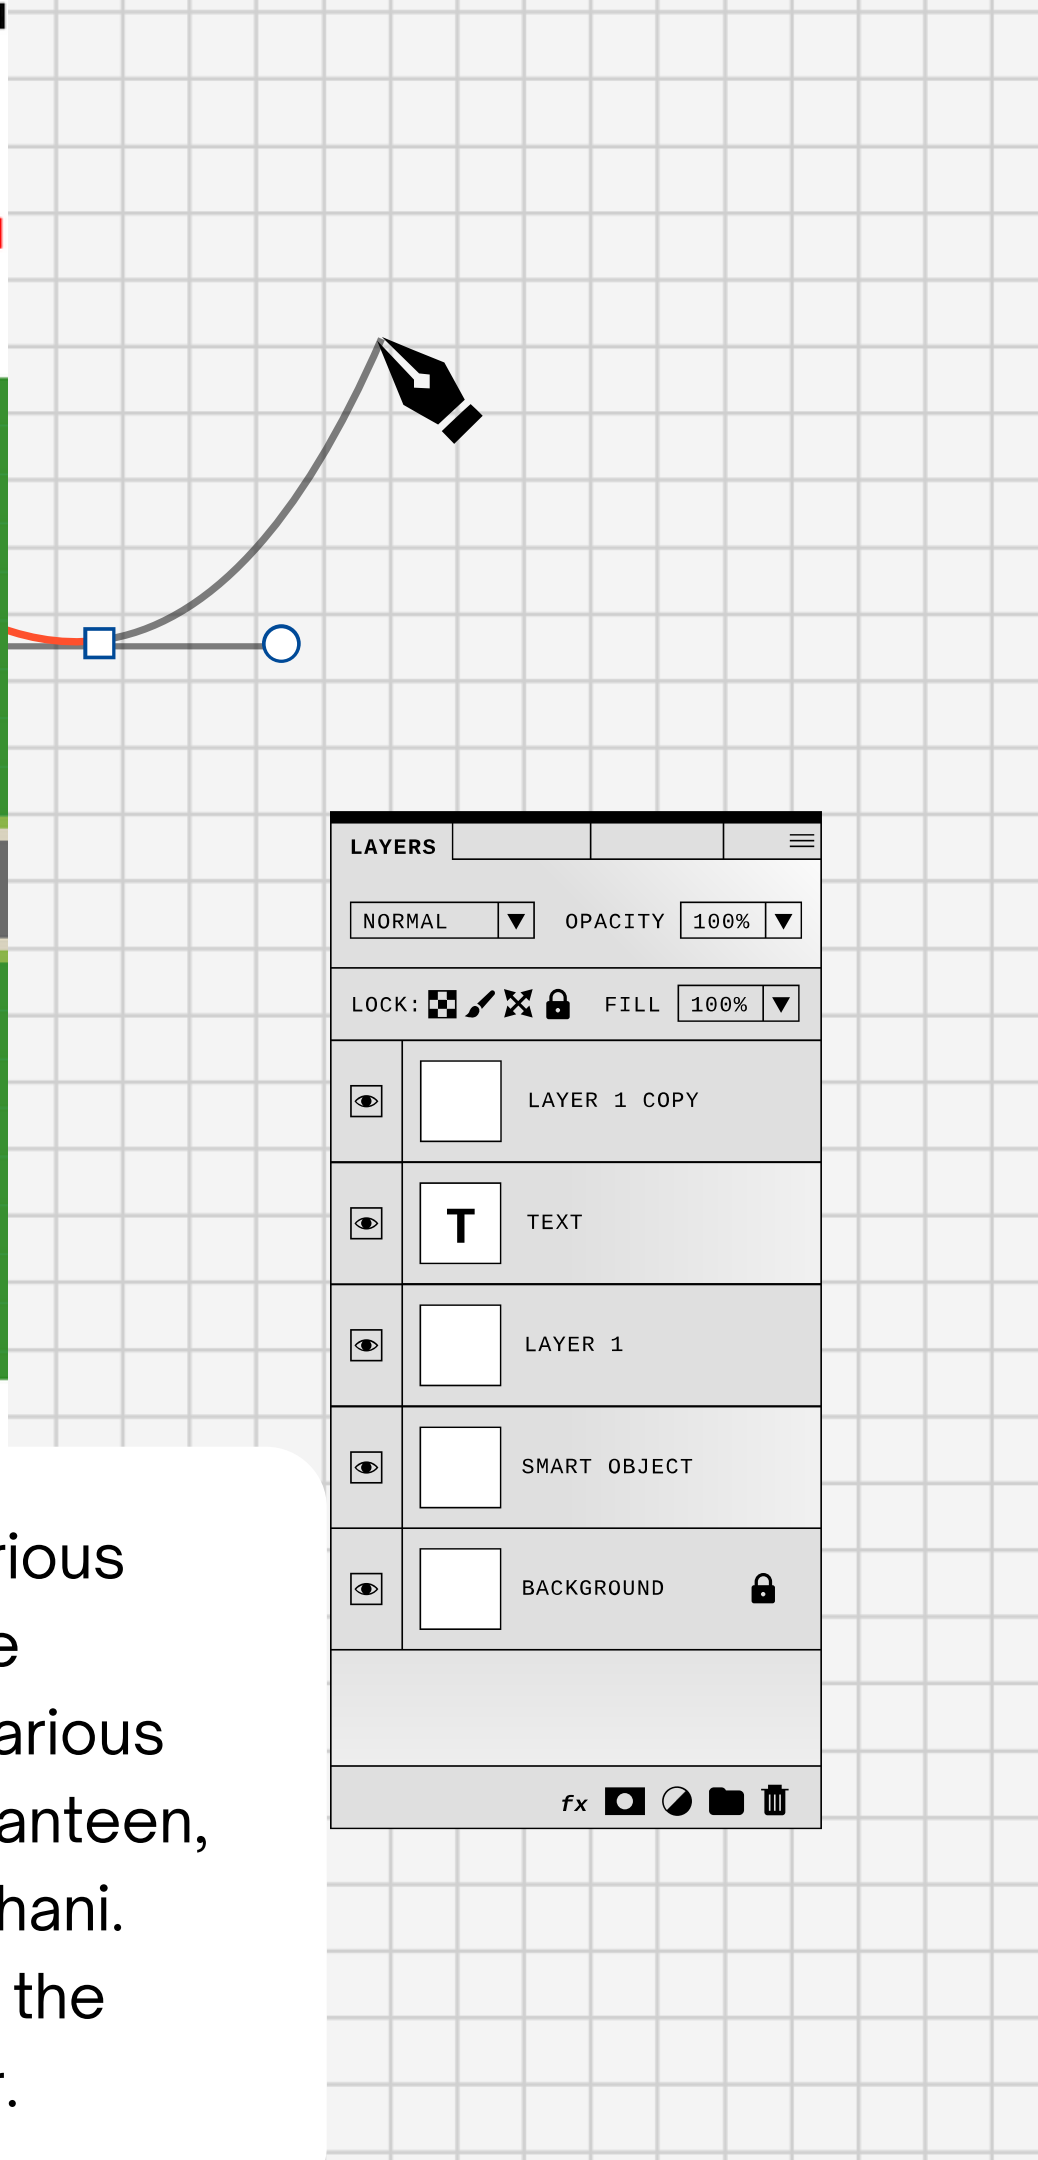

Use Yulu to increase your speed!
Remember, it costs you money on
the basis of time.

YULU STAND :PRESS 1 TO GET YULU

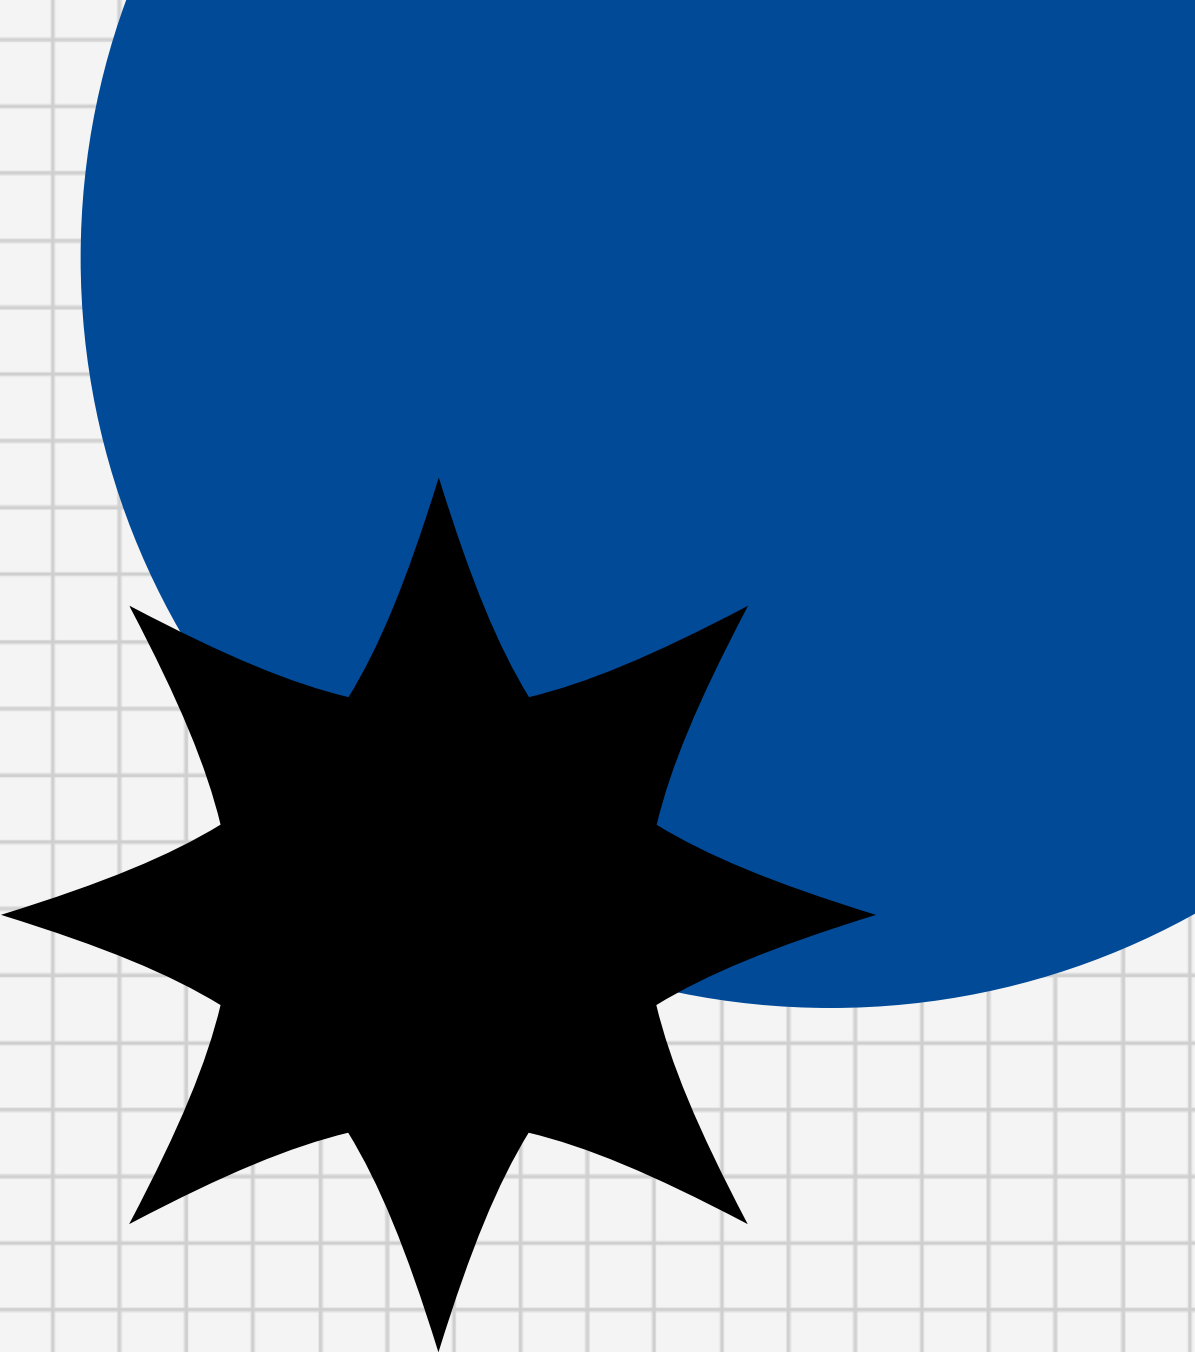

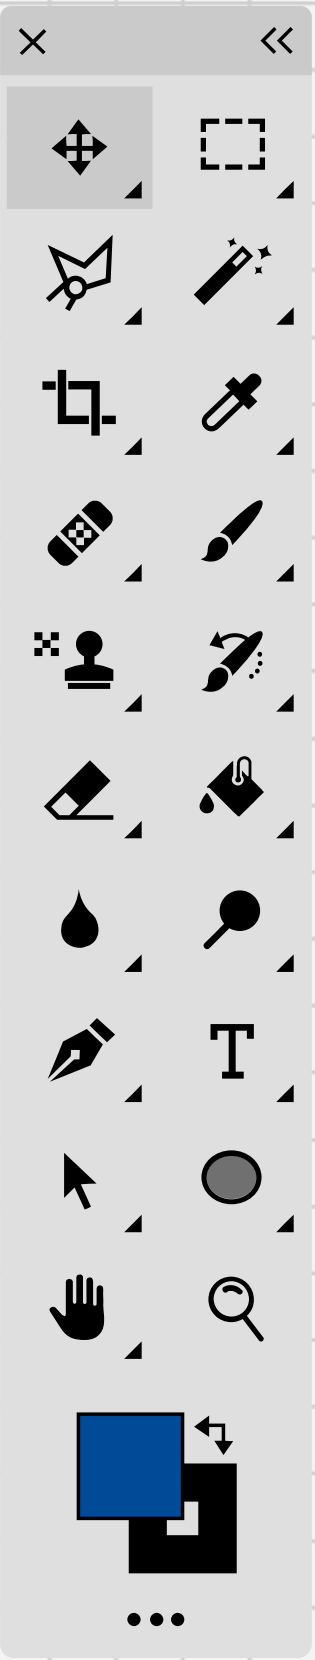

Increase your health by eating at various outlets. You can eat for free at some hostels, or pay for food and eat at various outlets like night mess, CCD, staff canteen, Nescafe, Dilli 16, Masala Mix or Rajdhani. Beware, some may charge more for the food, but some may hold you longer.

Various hostels are offering various things. Some are just giving out free food or sleep to increase your health or happiness. Participate in events to increase your happiness and also earn some moneyincrease your happiness.
